Hi Gina,

When you return pls give this high priority. Here are a few items to include:

Background of site, who owns, who operates, where it is at, what activities occur on Konza Priairie

Monitor's value in LTER

Siting Criteria Issues

Possible Outcomes

- Discontinue ozone monitor due to siting criteria

- KS shut down site

Other pertinent issues

Once you have a draft, pls share with BW. Janet will likely schedule a call next week.
